Finish	Honed

Technical Specifications

Size	12″ × 24″ × 3cm

Description

Citadel Stone’s Black Basalt Honed 12″ × 24″ × 3cm brings the smooth-matte finish specification of our signature volcanic basalt into the elongated rectangular format that defines contemporary architectural paving and refined hardscape. The honed finish is produced by progressive mechanical grinding to a smooth, satin-matte surface plane — a more visually restrained alternative to the deeply-textured bush-hammered finish, suited to contemporary residential patios, residential and light-commercia...
