Category	Basalt Slabs, Tiles
Color	Black
Finish	Diamond Sawed

Technical Specifications

Size	24″ × 12″ × 3cm

Description

Citadel Stone’s Black Basalt Sawn 24″ × 12″ × 3cm brings the most authentic surface specification in our basalt range into the elongated rectangular format that defines contemporary architectural paving. The sawn finish is produced by the quarry-cut process itself — the stone as it comes from the quarry saw with minimal subsequent mechanical processing, preserving the natural surface character, subtle blade striations, and authentic quarry texture that distinguish raw-finish natural stone from h...
