Description

Citadel Stone’s White Limestone Polished 24″ x 12″ pairs one of the most enduringly desirable natural stones in architectural history with the rectangular floor format that contemporary designers prefer above all others. Quarried in the Middle East and hand-selected at source for colour consistency, fine grain, and freedom from inclusions, this premium limestone is finished to a mirror-bright polish that intensifies the stone’s pale-cream tone, amplifies light, and gives every installation a sen...
