White Limestone

Polished & Filled

Citadel Stone

Product Specification Sheet | Generated November 10, 2026

Product Information

Product Name	White Limestone Polished & Filled
Category	Limestone Slabs, Tiles
Color	White
Finish	Polished

Technical Specifications

Description

Citadel Stone’s White Limestone Polished & Filled brings together the two most demanding finishing processes in natural stone preparation. Every piece is first inspected and treated with a colour-matched resin that fills natural voids and surface pores, eliminating the small irregularities that are inherent to bioclastic limestone and that compromise a polished finish on lesser-prepared stone. Once the resin has cured, the surface is polished through multi-stage progressive abrasives, finishing...
