Finish	Polished

Description

Citadel Stone’s White Limestone Polished Large Format 36″ × 24″ brings hand-selected Middle Eastern white limestone into the architectural-scale paver format that defines statement design across luxury residential, commercial, and hospitality projects in the United States. Each piece is prepared through multi-stage progressive polishing to a luminous high-gloss surface — a process that opens the stone’s crystalline structure, intensifies the warm pale-cream tone, and produces the light-reflectiv...
